YOU CAN EXPRESS YOUR LOVE FOR THIS GAME WHILE PLAYING** In the Lands Between, their ultimate power has been sealed away in the sacred cradle of Eve. Now, the matter of life and death lies in the power of the descendants of Adam and Izel—the Elden. And out of chaos, two races have emerged: the Elden, descended from a long line of Elden Lords who have wielded the power of the Elden Ring, and the Servant of Light, cursed for having taken Eve's Rib. The Lands Between are a harsh land of endless wilderness, filled with deadly battles. In this land, you are one with the nature, and can summon the spirits to aid you. In this game, you are a hero that wields the power of the Servant of Light, and are aiming to overcome all odds in order to protect the lands between, the last place of the dead. With your character's power, you can even reanimate the dead, so the lands between could come back to life. Enjoy the easy-to-play, hard-to-master action RPG with quests, storylines, and set pieces featuring charming characters and gorgeous art. **KEY FEATURES:** - Open World Explore a vast world with several dungeons and dungeons to explore. - Asynchronous online mode With online play, you can interact with other players. - Character abilities Effectively command your character's stats, skills, and spells. - Over 100 hours of gameplay 200+ hours of game

[plone_error] GET /ftp/emails/me: 401 Unauthorized I am confused with where I should modify my code A: I am not sure if you have read the document you have linked to. The original problem is that Zope authentication is not currently very well integrated with Plone's Plone-OAuth2 authentication. To fix the issue, you need to make the following changes to the CMFPlone library code: The code in the smtp_client_implementation.py and smtp_client_init.py files needs to read the OAuth2 settings from the environment variable "ZTA_OAUTH2_ENABLED" The code in the smtp_client.py file needs to override the following function: def get_username(self):
