## Features Key:

- Unrivaled versatility in eleven key positions.
- Plan ahead with the most immersive and accurate dribbling, attacking and passing systems in any football game.
- Stunningly realistic graphics and an improved audio engine throughout matchday, training and free kick routines.
- Experience unique AI personalities, enhanced contextual animations that allow you to effectively neutralise opposition players and guided free kicks.
- Live the Premier League, Germany, the Bundesliga or your favorite national team and build the squad using high-quality licenses with authentic team kits
- All-New Clubs:Take charge of your club's future, follow all the latest trends and be revolutionary in the world's most hotly-contested leagues in FIFA 22.
- FIFA Transfer Market:With millions of transactions and a redesigned "In-Game Offices," you'll have total control to sign or sell your best players as you build a squad to face your competition in every league.
- With new variations on shooting for every type of player and over fifty kits, including FIFA 22 first, EA's most authentic and detailed kits to date.
- Multiple view options in Player Creation:\* Choose your preferred view from an expanded frame; or customize your own individual position on the pitch. There are no more inaccurate, unintuitive or hidden frame options to contend with in FIFA 22.
- Dynamic Substitutions:FIFA 22's comprehensive substitution engine now factors in unique situational and tactical circumstances, providing an even more dynamic experience during substitutions
- New Player Movements:Featuring the most accurate, pre-production radar tracking\* players have ever seen in an official FIFA game. By significantly improving where the ball is relative to the player, more natural player movement takes place and passes become more effective. Advanced traction leads to improved time-to-control, improved predictability and startlingly realistic control with controlled touches for the most skilled players.
- Embedded Goals:Under the new goal-line technology supported by new animated rebounds and realistic visuals, scoring opportunities and game-winning goals feel better than ever. Creating and customising your own goals will be easier than ever, and is now easier for players with accessibility options and a lowered goalie touch zone.
