The State and the Nation : An Essay on the Idea of India The State and the Nation : An Essay on the Idea of India The State and the Nation : An Essay on the Idea of India English: On the Idea of India (Original : Tâche d'un inconnu) (aka "La Tâche d'un Inconnu"), also known as "An Essay on the Idea of India", is a treatise by French political philosopher Jean-Jacques Rousseau, published in 1782. It is his most famous work and the one, upon which he is often called "the father of modern sociology". "On the Idea of India" is Rousseau's most famous book. It was published in 1782, and it rapidly went through two printings. The book expresses Rousseau's view on Native culture and is most famous for its discussion on a concept of the "general will", as opposed to the "public good". Rousseau's utopian vision has become central to the discourse in India about various forms of self-government. It has been cited by Mohandas Gandhi, who saw it as an influence in his lifelong reformist movement, and by Mahatma Gandhi, who highlighted its philosophy of voluntarism in his own concepts of swaraj. The talk was put up to facilitate action and continuous improvement in the sectors of Education and Local Government. The programme was conducted from 26th -29th of June and organized by the Department of Education, Government of Chhattisgarh. Featuring 42 expert speakers and over 6,000 delegates, the programme was inaugurated by the Chief Minister, Raman Singh, on 26th June 2018. Speakers included, eminent global and national leaders as well as distinguished personalities from both the private and public sectors. The festival has attracted a large number of participants every year. 1,13,000 delegates and representatives from over 45 states, national and international organizations attended the six-day event. I am making this video because the life of a small village brings us much happiness.Q: C# Session lost in asp.net I have a session that is lost at the end of one page and is not there on the next page and so on.
